Spiritual Objectives

At the end of the cell discussion, cell members will:

1. Comprehend the reasons for a spiritual revamp
2. Commit to practical ways for a fresh encounter with God!

Word [45 min]

Senior Pastor Lionel Goh said that this is the first of a series of eight messages on the topic of "Revamp". In this new series, we want to explore what it means to live radically for Christ. The dictionary meaning of revamp is to patch up, restore or renovate. A spiritual revamp requires us to revise and reconstruct with God.

Why do we need a spiritual revamp?

1. We can do better both as an individual and as God's missional people.
 - From the July 2016 Whole Life survey findings, RiverLife Church appeared to be doing relatively well in areas of personal faith practices (e.g. coming regularly for worship service, involvement in cell, etc).
 - However, where it pertains to Faith at home (e.g. reading the Bible regularly with spouse and children, prayers, discussing of faith matters regularly and service in ministry together) and Faith & Life (i.e., living out and being true to our faith), there is much room for improvement.
 - As a Church, the trend over the last five years of the attendance, salvation decisions, baptisms and total giving point to a picture of stability but not breakthrough. Pastor Lionel shared that RiverLife Church can aspire to do better as God's missional people!
2. We need to break free from the ropes that tie us down.
 - Pastor Lionel shared that the modern church is tied down by many of the world's values, which had crept into the church and had immobilized us from doing God's work or fulfilling God's promise in our lives, much like the Giant in Gulliver's Travels being restrained by ropes to the ground. These ropes are:
 - Consumerism & Non-commitment
 - Complacency & Compromise
 - Cynicism & Criticism.
 - He focused on the first point and said that the two other points would be covered in subsequent weeks.
 - The root cause of consumerism and non-commitment is self-centredness. In this worldview, God and Church are just products for our selfish use. God would be used to bless, protect, provide, heal and to meet our needs while we run our own lives!

- For such a person, the Church exists as a community simply to feed him, care for his family and give him fellowship. There is no allegiance to the church nor would the person find time to serve others.
3. God wants to involve us in a fresh season of ministry soon!
- Like the River of Life in Ezekiel 47, we were conceived by God and empowered by the Holy Spirit to go out into our world to transform individuals, impact society and bless the nations.
 - Pastor Lionel shared on the converging signs of a new season. God's Pillar of Fire is moving soon!

How do we prepare ourselves to move with the Lord? How do we make this spiritual revamp? We can learn from Jesus' One Command and Two Promises given to the Disciples in the Upper Room – Acts 1:4-5, 8.

- One Command: Stay put in Jerusalem.
- Two Promises: They would be filled with the Holy Spirit; and they would be empowered to be His witnesses in Jerusalem, Judea, Samaria and the ends of the earth.

The disciples responded by praying in unity and with anticipation - Acts 1:12-14. They also dealt with their past failures and disappointments - Acts 1:15-26.

To be ready for what God wants in this new season, we need an Upper Room encounter! Pastor Lionel challenged us to emulate the likely posture of the disciples in the Upper Room to:

- (a) Set time to seek God together
- (b) Pray in unity and with anticipation
- (c) Confess our sins and failures to God and each other
- (d) Reconcile our differences and mend broken relationships
- (e) Align our hearts to embrace a new season of ministry.
